

How to measure

1. **Back length.** From the base of the neck (where the collar sits) to the base of the tail.
2. **Chest girth.** The widest part of the chest, just behind the front legs. Keep the tape snug, not tight.
3. **Neck girth.** Around the neck where the collar normally rests.

Between sizes? We recommend sizing up. Our T-shirts have a slim, body-skimming cut.
